## **CHORDS 4: Packet** **(Harmonizing melodies in 3 different keys)**

- 1. Review Chord-Scale 3 Packet.**
- 2. Practice basic progressions in 3 positions and 3 rhythms.**
- 3. Learn how to approach measures with non-chord tones (NCT's).**
- 4. Practice the harmonization of “Happy Birthday.”**
- 5. Study the “Review of Harmonizing Procedure.”**
- 6. Turn to the songs for harmonization.**
- 7. Begin with the first two songs using your knowledge from the four Chord packets.**
- 8. Harmonize other tunes with chords from the packet.**
- 9. Feel free to try tunes in different keys. If you do this, start by “transposing” the tune into the new key first.**

**Once you are comfortable with the harmonizing procedure, try to harmonize other songs you know from your past experience.**
